

CATALINA SIDE TABLE

PRODUCT OVERVIEW

The CATALINA Side Table is a sculptural exploration of rhythm and proportion, where bold geometry meets quiet refinement. Defined by its distinctive striped edge detail and vibrant resin top, Catalina balances lightness and solidity with effortless grace.

Its circular top, rendered in high gloss, floats above a base composed of travertine, metal, and wood, creating a dialogue between natural warmth and contemporary precision. The striped inlay acts as a visual rhythm, a continuous line that celebrates the harmony of material contrast.

Handcrafted in the UAE, the Catalina embodies the INVERTI Effect: a design that can transform from BOLD to SOFT through tone, texture, and finish adapting seamlessly to different interior moods.

MATERIALS & FINISHES

The side table combines carefully selected materials and finishes. The interchangeable MDF top comes in a glossy finish with three layered options, also available in custom tones.

The fixed plate features a marble and metal inlay in an alternating striped pattern, honed and polished. Supporting the table are three distinct legs: travertine with a honed matte finish, polished stainless steel, and solid oak or walnut with a satin finish, creating a dynamic mix of texture and material.

DIMENSIONS	Sizes CM	Length	Depth	Height

THE INVERTI EFFECT

The Catalina Side Table adapts through The INVERTI Effect, a signature feature of the collection.

By adjusting material pairings and surface tones, the table transitions between moods:

- BOLD: High-contrast marble stripes, deep resin hues, and reflective metals.
- SOFT: Neutral stones, muted timbers, and gentle pastel resin tones.

This transformation allows the piece to express dual identities — one sculptural and striking, the other subtle and serene.

CRAFTSMANSHIP DETAILS

- Designed and handcrafted in the UAE.
- Precision-matched stone and metal inlay detailing.
- Hand-poured resin top with mirror-polished finish.
- Sustainably sourced natural materials.
- Individually assembled and finished by local artisans.

CARE INSTRUCTIONS

- Clean resin top with a soft, damp microfiber cloth.
- Avoid direct sunlight or heat exposure to maintain resin tone.
- Use pH-neutral cleaner on stone and wood surfaces.
- Do not use abrasive pads or chemical solvents.

LEAD TIME & CUSTOMIZATION

- Lead Time: 6 to 8 weeks from order confirmation
- Customization: Available in material, tone and size upon request.
- Design Origin: C'est ici Design Studio, Dubai
